# What is the HAS Science Fair?

Science Fair is an activity about finding a science topic and doing an experiment. When we find out the answer, we explain our findings on a poster. On the day of Science Fair, we give a presentation to our classmates and teachers. The Science Fair project is worth 10% of our final score in our science classes.

# THANKSGIVING POTLUCK

*On November 28th, everyone at HAS, including parents, had a Thanksgiving feast in HAS. It is an annual HAS school event to celebrate Thanksgiving. Teachers and students brought food to school and shared it with everyone else. There were appetizers, beverages, noodles, desserts, and a lot more. Everyone enjoyed it and all were very full. >>>—————<<<*

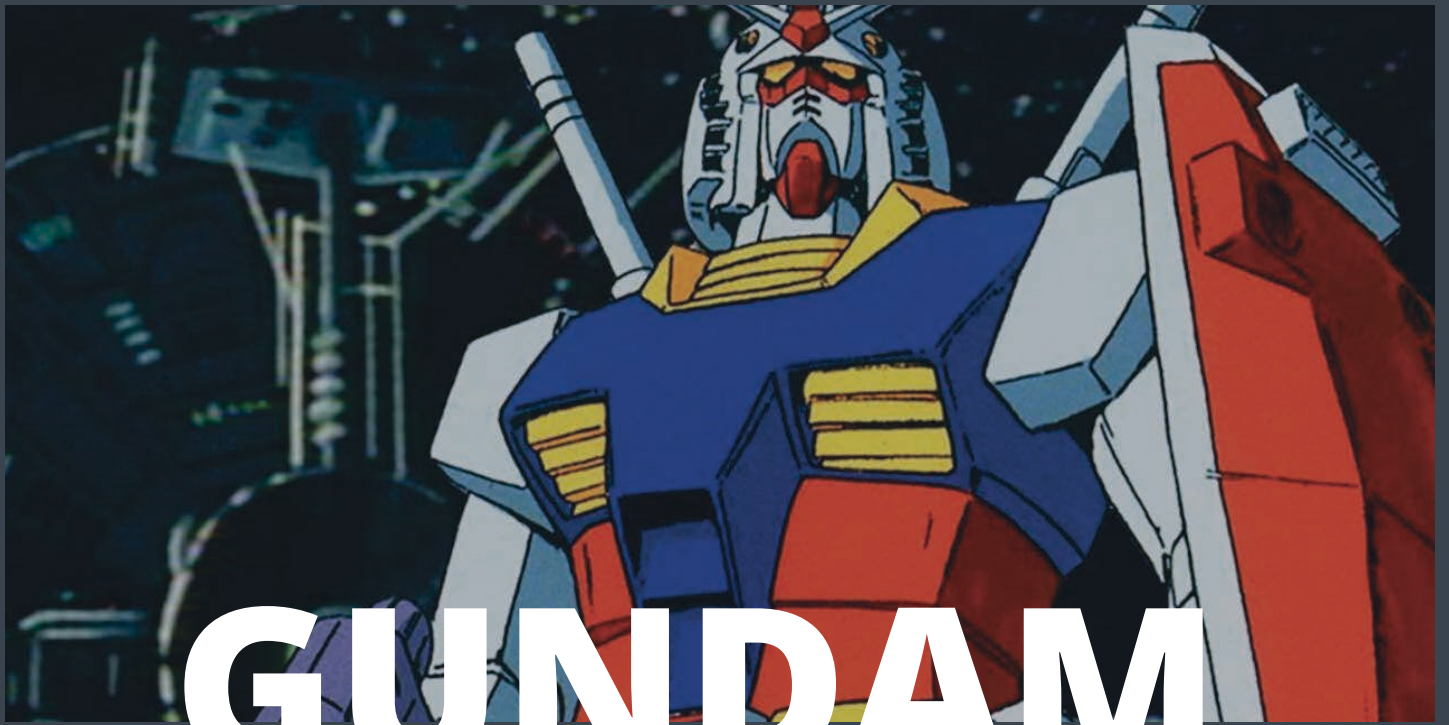

*After the Thanksgiving feast, students went to the soccer field and we were separated into 4 houses to play American football. It was a 7 vs. 7 football game. People who weren't playing could play basketball, paint their face, and do other things. In the end, everyone enjoyed their day.*

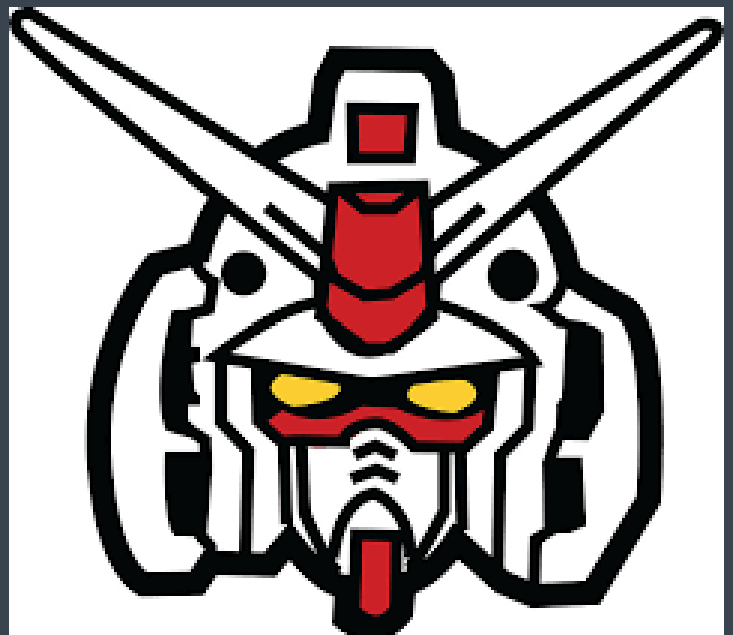

# GUNDAM

Gundam is a whole type of video and they are just...handsome robots.

Anyway, they are fighting robots that use guns and laser rifles. Gundam stands for Generation Unrestricted Network Drive Assault Module.

## MOVIE REVIEW

# GEMINI MAN

Page by Roger Han and David Kim

Gemini Man is a movie that was directed by Ang Lee who is a famous Taiwanese director. He directed a lot of famous movies such as "The Hulk" and "The Life of Pi." There are lots of famous actors/actresses in this movie such as Will Smith, Benedict Wong, and Mary Elizabeth Winstead. This movie is about an expert sharpshooter (his name real name is Henry Brogan) who is trying really hard to retire but an assassin is sent after him. But pretty soon he realizes this assassin is actually a younger version of himself. Henry goes through a lot of trouble with him.

# Homecoming Dance

Homecoming is an event where students party away from school during the evening. On a Friday night, students gathered at the Carlton Hotel and waited for the party to get rolling! At 6 PM, everyone starts to eat dinner. This year it was a buffet with food that you can't get at school.

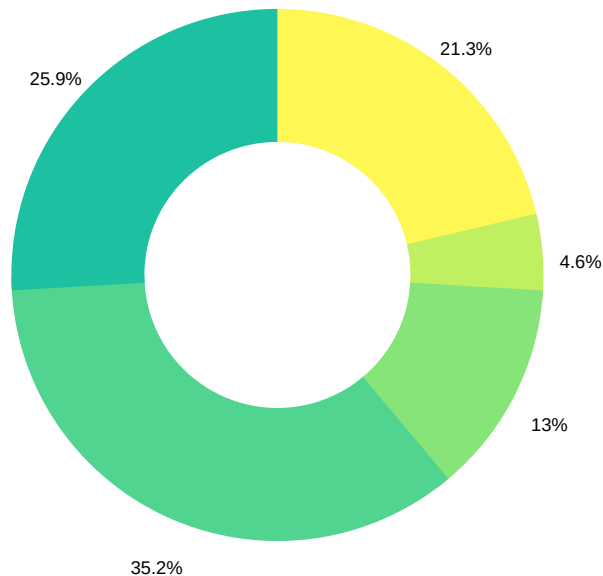

After dinner, we started playing some games and activities. We started off with Guess What's in the Box! Participants got to touch an object and they had to guess what was inside the box. In one of the rounds, many people had to touch a frog (I know, it's kind of gross). After that, we played Freeze Dance. The person that moved when music stopped was eliminated. Later, the rule changed to making the person dance on the stage instead of getting eliminated if they moved when the music stopped.

When the games were over, we played our final game where we needed to find our own names. It was hard to find our names since the room was very big. We soon finished the game as we voted for our Homecoming king, queen, prince, princess, shining star, party pooper, and more. And finally, people got time to party and take pictures. It was a memorable time with friends.

# HAS winter performances!

Winter Performance is on December 5, 2019, from 6 PM to 8 PM. Every student prepared for Winter Performance and were ready to perform it for their parents. Anyone was able to sign up to perform personally. When the day of Winter Performance arrived, every student was nervous because maybe they felt a little “weird????” performing in front of all of the parents.

It is also a good chance for people to perform their special talent. Whatever it is is good, but maybe not everyone likes it But it is fun so...like it is good so yup you need to go to Winter Performance every year. It is the.

BEST performance IN THE WORLD!!!!!!

(Maybe??)
