Basketball Paradise/A Lunch Supreme

Basketball Paradise

BY RYAN LIN

The basketball court at HAS is possibly considered the biggest feature representing the HAS spirit. Every student at HAS is always excited to play on the basketball court. What makes our court very unique is that there are always a variety of events happening at the same time, such as: kids drawing pictures on the ground with chalk, dogs running around on the court while people play basketball, students like Bevis Wu throwing rocks everywhere, and also people utilizing nature wisely by treating it like a public bathroom (i.e. the grass next to the basketball court). Along with these events happening at the court, what most students really love about it is the crooked concrete ground. The fractured sound when students fall from the chalk drawings beneath their feet satisfies their day. The bruises they get from bumping into the ground strengthen the hardness of their skin. We can also hear the amazing trash-talking from the students, not to mention any by name (cough cough Jason, Jay, and Jacob). The exchange of curse words in front of elementary students also helps us achieve our Learner Goals. Finally, the tilted rim on the basketball hoop has been improving the accuracy of our shots. The basketball court should never be reconstructed and we should keep it as it is forever.

A Lunch Supreme

BY ROBERT WANG

Lunch seems to cause disputes between the school and the students. As a student of HAS, I support our lunch with great passion and enthusiasm. Even though our lunch costs around 120 NT per serving, and many of us including myself still go to the OK Mart on a regular basis, this wonderful taste of the lunch is still worth everyone giving it a try. Johnny Yang, a sophomore, said, "Our school lunch does not have a special taste. Just a regular lunch and is not worth 100 NT." However, due to his parents' friendly suggestion, he will have to obey them and eat the school lunch instead of buying it from the OK Mart. By the way, does anyone know that our lunch is from a really nice hotel? This might be one of the reasons why our lunch has such a great taste. So I might have to deny Johnny's opinion here. One hundred NT is totally worth the price even though the quality of our lunch might taste like poop when you're having diarrhea. The dishes might be a bit repetitive; however, I believe that those are the best dishes and this is why that they're served often. By knowing the highlights of our lunch, can you still dislike these supreme delicacies?

Getting hungry, yet? (Photo/Kelly Ho)

FEATURES

America's New Handsy Andy/Jake Paul: The World's Greatest Everything

America's New Handsy Andy

BY ANDREW KIM

Oh Andrew Cuomo, the greatest Governor of the United States,
He just loves to go out on romantic dates.
His way of expressing his love is a bit unique,
But with a great deal of experience he has tremendous technique.
He is so good, that all the girls he went out with are all unable to speak.
His love for the elderly is just beyond compare,
He didn't want the elderly to feel lonely, so he assigned Covid patients to
nursing homes everywhere.

As Mr. Youngblut said, "Hopefully all of your old people are okay."
He is very humble and is denying all the great things that he has done,
I feel like he has done a tremendous job to the point that he has overdone.
He blamed the Covid problems in New York City on the President,
I love it when the sole cause of the problem accuses others in an attempt to
get away scot-free.

It's people like Gavin Newsom and Andrew Cuomo who make America a
greater place each and every second.
God Bless Gavin Newsom and Andrew Cuomo's political careers because
they are looking extra bright this year.

"He is not upholding his duty as a
public figure by acting in that way."
- Mr. Youngblut

Jake Paul: Basically the World's Greatest Everything

BY JOSEPH CHOU

Yo! You guys probably don't believe this, but Jake Paul is the best boxer in the world right now! Jake Paul is one of the most talented and popular YouTubers. He knows how to flex how much money he has, make cool music, and do many funny things. How cool is that? After he became a popular YouTuber, he thought that he could do anything he wanted. Jake Paul is so cool, he got in a fight with Ben Askren, who is an American retired professional MMA fighter, one month ago. Who cares about retired MMA guys right, because Paul won the game. When I asked Ricky Wu if he knew the fight, Ricky said, "Of course man, Jake Paul beat his a\$\$ man! Look at his muscles man!" Let's go! Guess what, Jake Paul cried so hard after the fight because it's too easy for him. So far he has fought a YouTuber, an ex-NBA player, and a fat MMA has been. This makes him the Muhammad Ali of our generation. I'm the biggest fan of Jake.....Poul? Sorry, I am such a big fan that I forgot his name! He also created a lot of rap music on YouTube. I remembered one of his song names is "Everyday Bro feat. Team 10." That song has five million, seven hundred and twenty thousand dislikes. See! So many people listen to his music, and he probably will be the next Justin Bieber.

HAS SPORTS

Co-ed Game vs. Karl School/Old Men Be Ballin'

Final Game of the Year & New Basketball Strategies

BY BRYAN SHANTZ

This year's basketball team has been filled with young academic minds and talent with new ways of playing defense being put into our basketball team. One example is the use of body odor to offend the offense and the pulling down of opponents' pants. So now our basketball team elects to not bathe the day before our game just to enhance our defensive skills. "There's always that one guy that's hard to guard because of his smell," said Jay Wu in an interview.

Jason Wu continued by saying the HAS Wolves are ready for any distractions on the court during the daily after-school games. These have prepared us to be ready for anything, said Wu, from bottomless opponents to unexpected "pantsings."

(Photo/Kelly Ho)

On May 14, 2021 the HAS Wolves will be playing their final game of the season, teaming up with the girls to play against Karl International Experimental Education Institute in a full court battle. On the HAS team several veteran players will be joining as well as a few new players. We, the HAS Wolves, are completely terrified of their team. Their brick shooting big man coach left us terrified after an encounter at the Hsinchu Zoo basketball court. The legendary shooter even went on to laugh at us and say "these are their best players" to his friend.

Old Men Be Ballin'

BY EVONNE HSU

(Photo/ Kelly Ho)

Have you ever seen a group of old men playing against a group of young hunks on the basketball court? I am sure that your first reaction after hearing this would be, "What a joke!" But, trust me, this actually happened. I would say that these old men are the strongest. No one can ever beat them up, there is no exception. If you think you can ever beat these old men, sorry you better wake yourselves up, you must be drunk. These old men can't get any stronger. Their bones do not get weak. They are the strongest and the most skilled guys - better than the NBA. Even if they aren't consistently showing off how strong they are, we can still tell how strong they are just by looking at their flex motion offense. Why are these old men so strong and skilled? For most people, everyday practice and training would be the only option in

"Make sure that your bones are strong."
- Mr. Loi

achieving this goal. However, for these old men, becoming older helps them achieve the same results. Then why are you still

(Photo/Kelly Ho)

wasting your time practicing when you could just sit at home, watch Star Wars, and wait to be old. Be smart like old man Wilson! Where can we find such talented old men in this world? Nowhere! They are the only unbeaten team in the league. Honestly, they play better basketball than the young hunks. "Those young guys suck!" Mr. Loi said. These old men actually know how to shoot a perfect 3-point shot. They can dribble the ball without getting it stolen. They are making an impact on the team. Old man Shantz is the fastest, fittest player on the team, draining threes from half court. However, the wins still are not draining like his sweet jumper from downtown.

A Howler's Life

BY ANDY LIU

It feels good to work at The Howler. I think we all have done an amazing job so far. We have responsible section editors and reporters that do their job and always get their work done. At The Howler, we have good teamwork and a good atmosphere which also increases the efficiency of production. At The Howler, we have three main sections, which are: Local, Feature, and Sports. We have Ryan Lin as our Local editor and Robert Wang as our Local reporter and they have done an amazing job throughout the whole year. We have Andrew Kim as our Feature editor and Joseph Chou as our Feature reporter and they have done an amazing job throughout the whole year. We have Bryan Shantz as our Sports editor and Evonne Hsu as our Sports reporter and they have done an amazing job throughout the whole year. I think everyone has done amazingly throughout the whole year. We are grateful for having Mr. Wilson as our teacher as he had led us through multiple difficulties that we have faced since the start of The Howler. Mr. Wilson is a responsible and passionate teacher who dedicates his life to the field of journalism. I am glad to have this opportunity to work with Mr. Wilson, who is such a great journalist.
